EXPECT 2600 AT FIRST TEAMSTER KIDDIE SHOW SAT. MORNING AT AUD

More than 2600 children are expected at the first gala Teamsters Kiddie Show to be held Saturday morning at 10 o'clock at the Salinas High School Auditorium. All children 12 years and under are invited absolutely free. All children attending will be given membership in the Teamsters Kiddie Klub and will be presented with a membership button which will make them eligible to receive gifts and favors.

In addition to other gifts previously announced, a supply of comic books entitled "Joe Worker and the Story of Labor" will be distributed as an educational feature.

Plans for the series of shows call for cartoons, educational short subjects, and full length features at each of the semi-monthly programs. Teamsters Local 890 has purchased a professional picture outfit with sound equipment and is securing the films through an agency in Los Angeles.

Invited guests at Saturday's opening show will be the mayor, chief of police, and other city officials, members of the high school board, and other dignitaries.

The shows are part of a Teamster program to create interest in organized activity and to help prevent juvenile delinquency.

Wide praise is being given to the union's efforts in this direction. Kiddie shows sponsored by the Teamsters have met with great success in other sections of the state and have received much praise as a public relations effort designed for community better-

Bicycles and puppies are among the gifts to be distributed during the shows, along with numerous other favors.

Mass Graduation Of Apprentices In Salinas Due

Plans for a graduation of all apprentices in training in the Saeral Apprenticeship Committee, aclinas Painters Union 913.

for the mass graduation has been selected as Friday, June 3. Committee Chairman is W. K. Ward.

Twenty-six apprentices in training in various crafts are ready to receive certificates of completion of their work, Lara said.

Named as a committee to make plans for the graduation were Lara and George Harter, secretary of Carpenters Union 925 of Salinas. The general committee at its

meeting paid respects to Claude Estel, veterans service officer of Salinas who is being transferred to Monterey

School department officials informed the committee of steps being taken to get a co-ordinator for all apprentice activities in the area, in order that best possible courses may be offered and adequate equipment may be provided.

Union Leaders Attend Meeting On Prisoners

Secretaries and business representatives of unions in the Salinas area which have apprenticeship training plans in operation were guests of Warden Webb of the state's medium security prison in Soledad last Friday night at a meeting for discussion of prisoner re-habilitation.

Robert E. Moore, head of the State Department of Employment office in Salinas, and others interested in apprenticeship and in placement of men on various jobs, were in attendance also.

The meeting was one in a series of similar gatherings in the state's new program for education and rehabilitation of prisoners.

NOTICE TO

There have been some instances where carpenters have come into the Salinas area and have gone to work without first reporting to the business agent of Salinas Carpenters Union 925. International Constitution of the union provides that any union carpenter going into the jurisdiction of another local union must go in person before officials of that union and make application for permit to work in that jurisdiction. Failure to clear into another union is a serious offense. Please contact Business Agent George Harter of Salinas Carpenters Union 925 upon arrival in Salinas and before going to work there. Harter's office is at 422 North Main St. (Highway 101), Salinas.

HOW DO YOU STAND, BROTHER?

This is addressed to the faultfinders, who are eternally harping about what other members of both their own and other people's unions are doing or failing to do. You seem to expect everything of the other fellow, but what are you doing to hold your own end up?

Too often you are doing little or nothing to help anybody else, but you expect everybody to help you. Your unionism centers almost entirely about yourself. You expect the entire union movement to line up obediently for you but when it comes to doing as much in return you can find a thousand excuses for failing to do so then.

Unfortunately for you but fortunately for everybody else unions function for the welfare of others as well as for you. You cannot start out on the assumption that it is a case of always get and never give, for in the nature of fairness and justice to your fellowmen it is up to you to give as much as you get in order to retain a fair balance.

Unless you are willing to sacrifice as much for the nefit of the other fellow, as you expect him to give up the carping and do some Billions of Defense Dollars benefit of the other fellow, as you expect him to give up for you, you better cut out the carping and do some honest-to-goodness thinking about getting right yourself before you pop off again.

TIME TO GET BUSY IS NOW

Although next year's primary election is fully a year away it is up to every man and woman who must depend upon work for a living to start to get busy immediately does not want to skimp on defense dollars. for there is a job to do next year that won't be half done unless you start the campaign now.

Do you realize that over half of the people, who live American Labor Party, generally ger bill, sponsored by Senator in this country and who are entitled to vote, do not bother regarded as Communist-controlled. Tydings (D., Md.), really means. to cast their ballot, even though they are registered, but a far greater number never bother to register, hence than it should. Statistics. The data exclude over- tion for children? for union labor.

\$1.05 Minimum Wage **Set for Textile Group**

Washington.—Secretary of Labor Maurice J. Tobin ordered the establishment of a minimum wage of \$1.05 an hour, or \$42 for a 40-hour week, in the woolen and worsted industry for work performed under the Walsh-Healey Public Contracts Act. The order is effective May

14, 1949. In addition, the secretary established a tolerance for learners and beginners, those employes having less than 320 hours' experience in the industry, authorizing the payment of a subminimum rate of not less than 90 cents an hour, or \$36 for a 40-hour week, unless experienced workers in the same plant Apprentices: 4 Out and occupation are paid on a piece-

rate basis. In such instances, learners and beginners must be paid the same piecerates paid to experienced workers and earnings based on those piecerates if their earnings are in excess of 90 cents an hour. The learning period is limited to 320 hours, but if the learner or beginner has had previous experience in the industry the number of hours of such experience must be deducted from the 320-hour learn-

ing period. The secretary's order is the first minimum wage order under the act for this industry.

There are approximately 150,000 workers in the industry.

What brought about these changes-?

Mainly they were brought about by unions working together with fair employers under the American r. system of private enterprise, through the practice of collective bargaining. Through collective bargaining over the years, the American Federation of Labor has gained many objectives that seemed Utopian and visionary back in the 1880's. For instance: DO YOU KNOW

-That Samuel Gompers first enunciated the doctrine of "Conoo servation of Child Life"? . . . and servation of Child Life"?... and that the American Federation of Refrigerators Pile 50 Labor led the struggle against child labor in industry, winning its 00 abolition in 1938 under the Wage 13 and Hour Law?

The same general decrease in new construction activity was noted in three of the other four Bay Area counties: Napa, Santa Clara and Solano. Only Sonoma showed a gain over February, and that gain was slight.

Sharp increases in authorizations provides productive efficiency, plus for new residential construction, however, indicate considerably increased building activity during the next month or two in the cities City, Menlo Park and Belmont.

Builders' estimates of the cost of residential construction in the five immediate Bay Area counties total over \$35,000,000, for an average cost per dwelling unit of \$12,-

Nationally, construction started during March is estimated at 62,-000 non-farm dwelling units, as compared with 46,000 during February, and 76,400 during March a year ago.

New dwellings started in March, by counties, were: Alameda Couny. 314; Contra Costa County, 200; Marin County, 65; San Francisco County, 1,874; San Mateo County, 390; Santa Clara County, 373; Solano County, 23.

Sea Monster Caught

Terminal Island. - One of the keenest pleasures of ocean fishing is speculation on what type of sea the business end of your line.

In California waters, it could be anything from an anchovy to a zebra mackerel.

But Norman Levin of Hollywood wasn't prepared for the ugly sea monster he landed recently in Los Angeles Harbor. The 39-inch fish without fins or tail was taken to the Terminal Island laboratory of the Division of Fish and Game for identification.

There, Biologist John E. Fitch spotted it as a rare oarfish—one of three specimens taken in North America. Fitch and Dr. Carl L. Hubbs of the Scripps Institute of Oceanography will publish a detailed account of the ocean addity

Grain Millers Affiliate With Union Label Trades

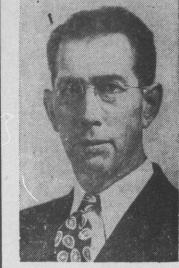

The American Federation of Grain Millers became affiliated on March 1 with the AFL Union Label Trades Dept. S. P. Ming is president and H. A. Schneider is secretary-treasurer of the American Federation of Grain Millers, the address of which is 819 Metropolitan building, Minneapolis 1, Minnesota.

"With its affiliation to our department the AFGM brings an impressive list of reputable millers that process all grains," said I. M. Ornburn, secretary-treasurer of the Union Label Trades Department, "and now there is no excuse for union-minded housewives to use any brand of flour or other grain product on which the Union Label is not displayed."

Safer Mining for Chinese

Tientsin.—Chinese miners at the British-owned Kailan collieries, the biggest and most modern coal producers in the country, have forced the company to introduce safety procedures never before practiced here. The workers' demands were enforced through a series of mass meetings which had the support of the new government.

Under one of the terms of the new agreement, a workers' safety committee will inspect the entire mining area and recommend improvements to the company, "The day when capitalists could play with the lives of Chinese workers is now over in liberated China,' the miners' union declared in a statement at the conclusion of nePOLITICAL ADVERTISEMENT

ELECT....

L. K. "LES" SMITH

MAYOR OF MONTEREY

- He is a practical business man, not a theorist.
- His practical experience in business administration would be of invaluable help in analyzing the budgets which the taxpayers of the city must assume.
- His experience in civic matters has made him familiar with these problems, as they are related to the Mayor's office.
- He is a successful man in his own business and will show the same ability and interest in directing the business of the City of Monterey.

"A VOTE FOR "LES" SMITH MAY 9TH IS A VOTE FOR A CONTINUED GOOD GOVERNMENT'
